**COMPLAINT FOR PATENT INFRINGEMENT**

Plaintiff Eclipse IP LLC ("Eclipse") complains of defendant GameStop Corp. ("GameStop") as follows:

**Nature of Lawsuit**

1. This is a suit for patent infringement arising under the patent laws of the United States, Title 35 of the United States Code § 1 et seq. This Court has exclusive jurisdiction over the subject matter of the Complaint under 28 U.S.C. §§ 1331 and 1338(a).

**Parties and Patents**

2. Eclipse is a company organized and existing under the laws of Florida and having a principal place of business address at 115 NW 17th Street, Delray Beach, Florida 33444.

3. Eclipse owns all right, title, and interest in and has standing to sue for infringement of United States Patent No. 7,479,899 ("the '899 patent"), entitled "Notification Systems and Methods Enabling a Response to Cause Connection Between a

Notified PCD and a Delivery or Pickup” (Exhibit A); United States Patent No. 7,876,239 (“the ‘239 patent”), entitled “Secure Notification Messaging Systems and Methods Using Authentication Indicia” (Exhibit B); United States Patent No. 7,482,952 (“the ‘952 patent”), entitled “Response Systems and Methods for Notification Systems for Modifying Future Notifications” (Exhibit C) (collectively, “the Patents-in-Suit”).

4. On information and belief, GameStop is a corporation organized and existing under the laws of Delaware and having its principle place of business at 625 Westport Parkway, Grapevine, Texas 76051.

5. On information and belief, GameStop does regular business in this judicial district and has committed acts of infringement in this judicial district.

#### **Jurisdiction and Venue**

6. This Court has personal jurisdiction over GameStop because GameStop maintains its principle place of business in the State of Texas; transacts continuous and systematic business within the State of Texas and this judicial district; is operating and/or supporting products or services that fall within one or more claims of Eclipse’s patents in this judicial district; and has committed the tort of patent infringement in this judicial district.

7. Venue is proper in this judicial district under 28 U.S.C. §§ 1391(d) and 1400(b).

#### **Defendant’s Acts of Patent Infringement**

8. GameStop has infringed one or more claims of the ‘899 patent through, among other activities, providing automated notifications in relation to online orders that

provide a means by which the recipient can select whether to communicate with GameStop regarding the particulars of the order.

9. GameStop has infringed one or more claims of the '239 patent through, among other activities, providing and/or selecting, and enabling customers to provide and/or select, authentication information for use in connection with online orders, storing the authentication information, and providing the authentication information in notification communications to customers.

10. GameStop has infringed one or more claims of the '952 patent through, among other activities, providing electronic notification communications to customers in connection with online orders, which inform them of a change in the order status, and allow the customers to make a change or cancellation regarding the order.

11. Prior to filing this complaint, Eclipse, by letter, informed GameStop of its infringement of the Patents-in-Suit, and offered to enter into a licensing arrangement that would allow GameStop to continue practicing the inventions claimed in the Patents-in-Suit.

12. GameStop, however, chose not to enter into a licensing agreement with Eclipse.

13. Rather, with knowledge of the Patents-in-Suit and in disregard of Eclipse's patent rights, GameStop chose to continue its infringement.

14. Accordingly, in infringing the Patents-in-suit, GameStop has acted knowingly, willfully, and with the intent to induce others to infringe each of the Patents-in-Suit.

15. GameStop has actively induced and/or contributed to the infringement by others of one more claims of each of the Patents-in-Suit.
